Stephanie Marie Gant-Brady (B/F/39) was last seen on 04/08/1984 in Baltimore, MD. Gant-Brady had Multiple Sclerosis (MS) and used a cane or wheelchair. She was 39 years old at the time of her disappearance, with black and brown shoulder length hair and brown eyes. She was 5'3" tall and 110-115 pounds. She was last seen wearing an opal ring, a pinky ring with a small diamond, a medical alert bracelet for her MS, and a Timex watch with a black band. Gant-Brady also wore contacts and/or glasses, and her ears were pierced. Anyone with information regarding the disappearance of Stephanie Gant-Brady is asked to please reach out to investigators.
